DUAL EXFOLIATION TREATMENT

The Dual Exfoliation Treatment is Aveda's latest advancement in non-invasive, skin-renewing treatments. Using innovative techniques, this treatment combines Aveda's naturally derived mechanical and biochemical exfoliation methods into one powerful service that transforms and rejuvenates the skin through the process of dual exfoliation. In a clinical study, the Dual Exfoliation Treatment achieved better results than a combined microdermabrasion/30% glycolic peel treatment in both immediate smoothness and radiance, plus significantly better results in smoothness, radiance and skin tone one week later. Experience the rejuvenating power of plants and minerals to help skin to look and feel its best.
